Dear Sir:

Responsive to the Notice to File Missing Parts (Part 2 of which is attached) wherein it was indicated that "The oath or declaration is unsigned.", applicants are enclosing A Declaration and Power of Attorney which identifies the serial number and filing date of the subject application and which has been executed by the inventors.

Also, in accordance with 37 CFR 1.84, applicants are providing substitute drawings in compliance with the Patent Office margin requirements.

Concurrent with the filing of this response, applicants are submitting under separate cover an executed Assignment of the pending application to Kolene Corporation, the assignee listed on the filing receipt.

In addition, it is requested that the title of the application as it appears on the filing receipt be amended to read --**LOW TEMPERATURE NITROCARBURIZING SALT AND METHOD OF USE**-- as it appears on page 1 of the application and in all accompanying documentation, with the exception of the Application Data Sheet and the title page of the application where the term "NITRIDING" was listed instead of "NITROCARBURIZING".
